

Week 10 - December 9/10

SATURDAY DRESS REHEARSAL

MANDATORY REHEARSAL: All cast members are required to attend. We will run Act 1 from 1-2:30 and Act 2 from 3-5:30 (approx). We are *staggering arrival times* and so it is not helpful to drop off your dancer early. We are **NOT** listing every dance. Just find out what time you dancer is supposed to arrive for their 1st dance and they will do their second dance when it's time. We have arranged it so that our youngest dancers (Kd-2nd grade) do not have to stay the whole time.

HAIR: Hair must be slicked back in a bun (or as directed previously in the Supply List) so that headpieces look right. Party girls and moms need to have their hairpieces and hair done as for the performance.

SHOES/TIGHTS/BODYLINERS: Dancers must have the required supplies. *Please note: If you need to purchase supplies for us, we will not have anyone available at the front desk during this rehearsal to sell dance wear. Thank you in advance for purchasing your dance wear ahead of time!*

MAKE UP: All dancers 5th grade and older need to be wearing their stage make up.

DOUBLE CAST DANCERS: CAST B will perform during our in-studio dress rehearsal, CAST A will perform during out onstage rehearsal at Ponderosa.

SUNDAY PHOTO SHOOT

Moments in Time will be at the studio to take portrait photos for dancers in their costumes! The sign up genius link is on the website. This is not required.

We need to know the name of your dancer and the costume they want us to pull out for them. They can get a photo of each costume they wear but please sign up twice so we can count how many shots per time slot.

Time Slots are:

1-1:30, 1:30-2, 2-2:30, 2:30-3, 3-3:30, 3:30-4, and we'd like all our Pointe Dancers to come from 4-5 if possible so we can get group shots and spend a little more time on your pose. If you want a photo with any of our soloists, then come to the 4-5 slot.

Order forms and price sheets are on the website and will also be there that day and payment is required at the time of the shoot.

We can only accommodate about **10-12 dancers per time slot**.
